

# **“THE WALLBROCK INN”**

**The land, two lots, was purchased in 1926 from The Red Feather Lakes Association for \$375.00. My grandfather made monthly payments of \$30 and was given the deeds to the land in 1927. The cabin was built in 1928 by my Grandfather, William Wall, and his brother-in-law, Herman Rosenbrock. Electricity came to the cabin in 1953 at which time they put away the kerosene lamps and purchased an electric stove. The original wood burning cookstove is still in the family.**

**Designated by Red Feather Historical Society**
